

CVIR's commonly used abbreviations that do not need to be defined upon first appearance

| | |
|--------|--|
| CT | Computed tomography |
| CTA | Computed tomography angiography |
| cTACE | Conventional transarterial chemoembolization |
| DSA | Digital subtraction angiography |
| IR | Interventional radiology |
| MRA | Magnetic resonance angiography |
| MRI | Magnetic resonance imaging |
| MWA | Microwave ablation |
| PET-CT | Positron Emission Tomography and Computed Tomography |
| PTA | Percutaneous transluminal (balloon) angioplasty |
| QOL | Quality of life |
| RFA | Radiofrequency ablation |
| TACE | Transarterial chemoembolization |
| US | Ultrasound |
| WHO | World Health Organization |
